# Executive Summary

---

## Investment solutions for today' challenged growth-seeking investor

### Investor Challenge

Finding strong growth opportunities in an increasingly growth scarce world to meet long-term investment goals

### Our Solution

Capitalize on compelling secular opportunities via strong stock selection

- Today's accelerated pace of disruption across every industry via **New EXceptional Technologies** can be an attractive source of alpha for investors.
- Jennison Associates, PGIM Investments' fundamental equity manager has a 50-year history of identifying game-changing trends and investing in future market leaders in their nascent stages.
- High-conviction investment strategy that seek to capitalize on powerful secular growth opportunities in the **NEXT** economy.

### Global Equity Opportunities

An **unconstrained** approach towards sourcing the best growth opportunities anywhere in the world

# Faster growth is becoming tough to find

Seizing high earnings growth in portfolios is critical to investment success

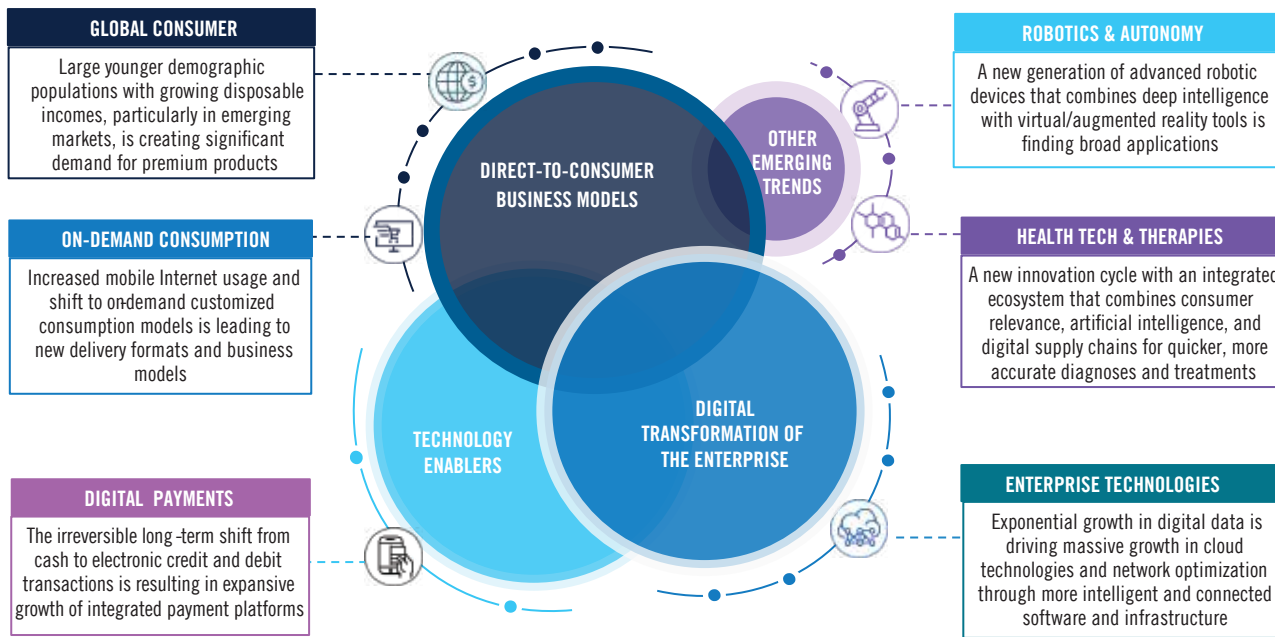

<sup>1</sup>Source: FactSet and MSCI. Data from January 1, 1997 to December 31, 2022. Most recent data available. <sup>2</sup>Source: FactSet and Jennison Associates as of 31 December 2022. Most recent data available. The right chart above reflects the median avg. annualized (rolling 5-yr.) returns from 1997-2022. These are based on the Historical 5-yr. Earnings Growth Quintiles 1-5; Quintile 1 represents the highest growth quintile while Quintile 5 represents the lowest growth quintile. See Important Notes for index definitions. Past performance does not guarantee future results.

# Identifying tectonic shifts in the global investment landscape

Our focus on finding innovative companies naturally uncovers disruptive themes over time

**NEXT** economy themes we see offering compelling growth opportunities based on our bottom-up research

# Capitalizing on secular themes via strong stock selection

Our criteria for identifying new market leaders also captures ubiquitous themes

## Criteria for companies we seek

## Company Examples

## NEXT Economy Themes Captured

### Adyen

Leading European-based payment processor with a technology-first processing platform, local bank charters, and omni-channel presence that help drive accelerated market expansion into more countries

**Digital Payments**

**Enterprise Technologies**

### Mercadolibre

A top online marketplace with strong execution of an enhanced unified commerce platform that continues to benefit from the expanding Internet penetration and e-commerce trends in Latin America

**On-Demand Consumption**

**Global Consumer**

### Tesla

American tech pioneer reimagining the automobile industry with innovative electric vehicles (EVs), a direct-to-consumer business model, market-leading self-driving capabilities, and long-range battery technology which continue to catapult its adoption worldwide in a nascent but rapidly growing EV market

**Robotics & Autonomy**

**On-Demand Consumption**

The companies mentioned above are examples of a well-known innovative companies. The views expressed herein are those of Jennison investment professionals at the time the comments were made. They may not be reflective of their current opinions, are subject to change without prior notice, and should not be considered investment advice. This material is not intended as an offer or solicitation with respect to the purchase or sale of any security or other financial instrument or any investment management services. This material does not constitute investment advice and should not be used as the basis for any investment decision.

# A proven track record of capitalizing on secular growth opportunities

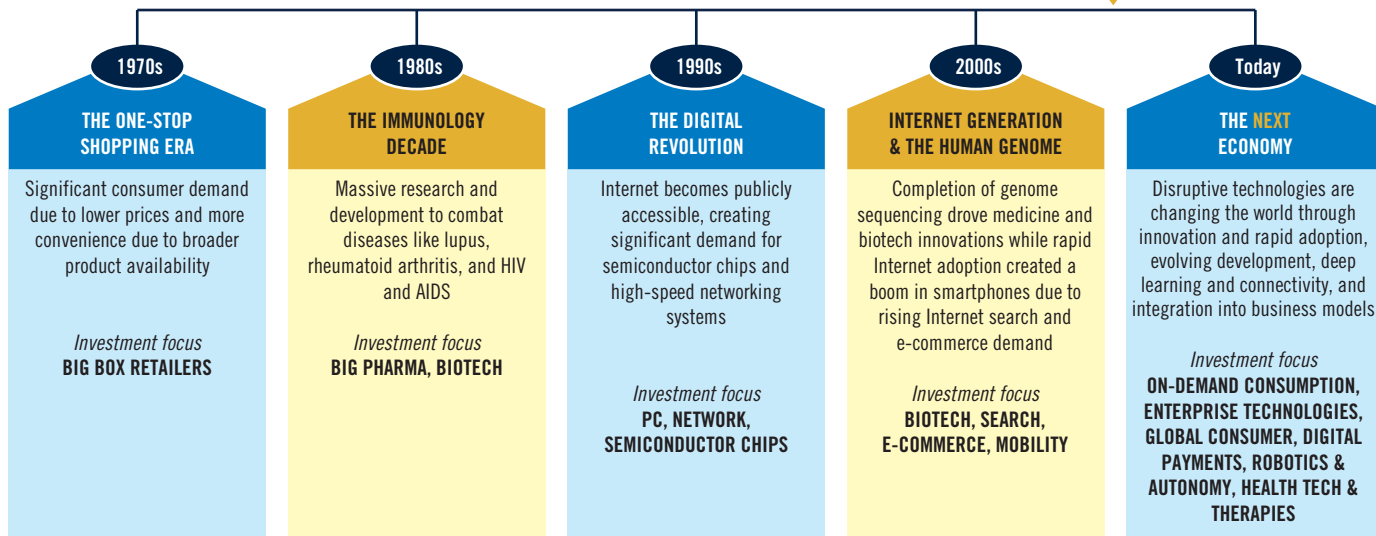

Jennison has a 50-year history investing in disruptive, high-growth companies in their nascent stages

## A consistent bottom-up approach to investing in the evolving growth landscape

The world is constantly evolving with the fastest-growing areas changing over time

For 50 years, Jennison has constructed high-conviction growth portfolios based on deep, fundamental research

This consistent bottom-up approach has uncovered emerging secular themes early

# Innovative companies can offer sustainable competitive advantages

Example: Adyen's innovation drives strong revenue growth with accelerating expansion opportunities

Find companies with creative solutions and strong execution in areas with significantly rising demand, such as digital payments, which offer:

- A **unique value proposition** to both consumers and businesses
- **Long-runways of organic growth** via innovative business models that drive and deepen usage
- **Better insulated fundamentals and growth profiles** versus more cyclical stocks tied to the economic cycle
- **Significant opportunities** in emerging markets due to increased consumer demand from younger populations with increasing spending

**\$21 trillion**  
potential global market size based on total credit card purchases

## EXAMPLE: ADYEN

Total Net Revenue (in € millions)

### Differentiators

- Leading global payments platform**
  - Surpassed half a trillion processed volume in 2021
- Trusted partner for market leaders**
  - >3,500 customers, including Netflix, Uber, Facebook, Microsoft, Etsy, and Spotify
- Profitable growth at scale**
  - Founded in 2006; profitable since 2011
  - 65% EBITDA margin in 2022
- Multiple avenues for growth**
  - Continued focus on enterprise merchants
  - Increased unified commerce footprint
  - Expansion into mid-market segment

Source: Company Data, Statista. Data as of December 31, 2021. Most recent data available. The company mentioned above is an example of a well-known innovative company. The views expressed herein are those of Jennison investment professionals at the time the comments were made. They may not be reflective of their current opinions, are subject to change without prior notice, and should not be considered investment advice. This material is not intended as an offer or solicitation with respect to the purchase or sale of any security or other financial instrument or any investment management services. This material does not constitute investment advice and should not be used as the basis for any investment decision.

# Unique business models can provide multiple avenues for growth

Example: Mercadolibre’s large scale and diverse revenue streams power future growth opportunities

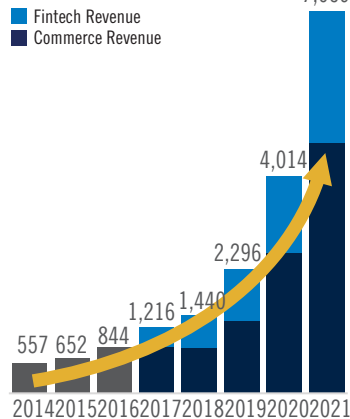

Identify innovative platforms with multiple strong growth drivers such as those benefiting from:

- Increased mobility demand and continued shift to e-commerce, fostering increased need for better artificial intelligence platforms to process immense data and analytics to more effectively reach consumers
- Innovation in advertising models due to increased mobile usage and growing consumer reliance on social media
- Powerful unified commerce models generate customer loyalty and drives long-term recurring revenue streams
- Significant growth opportunities in emerging markets as Internet penetration and online buyers continue to expand

**30%**  
Expected average annual e-commerce growth in Latin America through 2025

## EXAMPLE: MERCADOLIBRE

Net Revenue (in USD millions)

### Differentiators

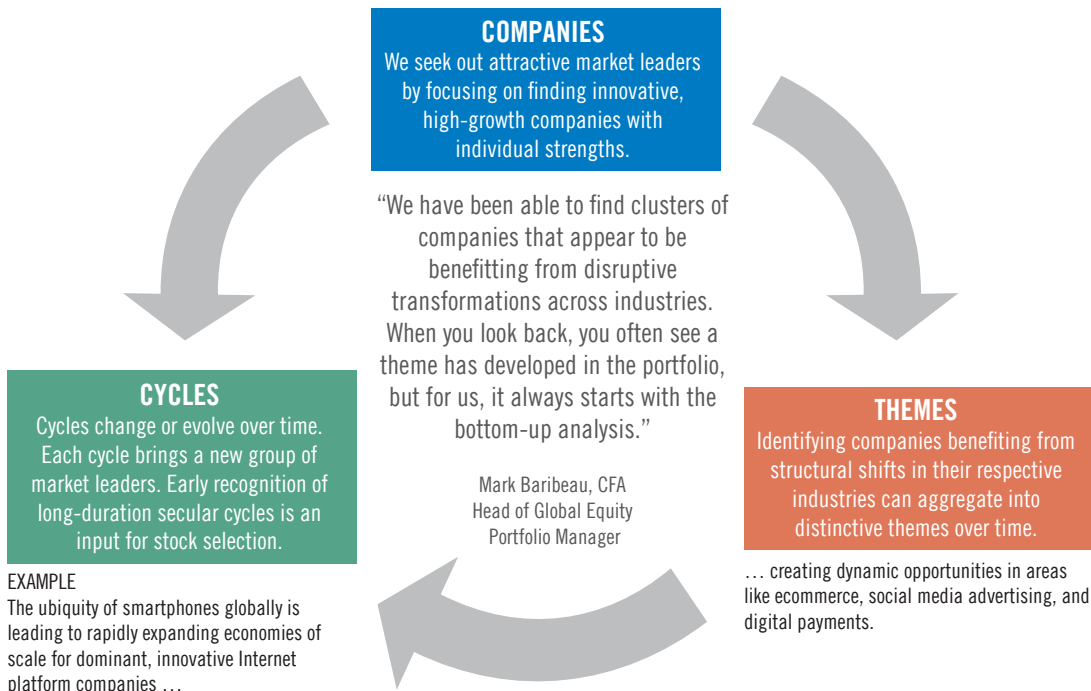

Leading e-commerce platform in Latin America

- One of the few profitable e-commerce models in the world
- Largest online payments network in Latin America
- \$77 billion payment volume in 2021
- Strong ecosystem with scale to capture significant market share
- Marketplace, payments, shipping, SaaS, advertising

# From micro company analysis to global themes

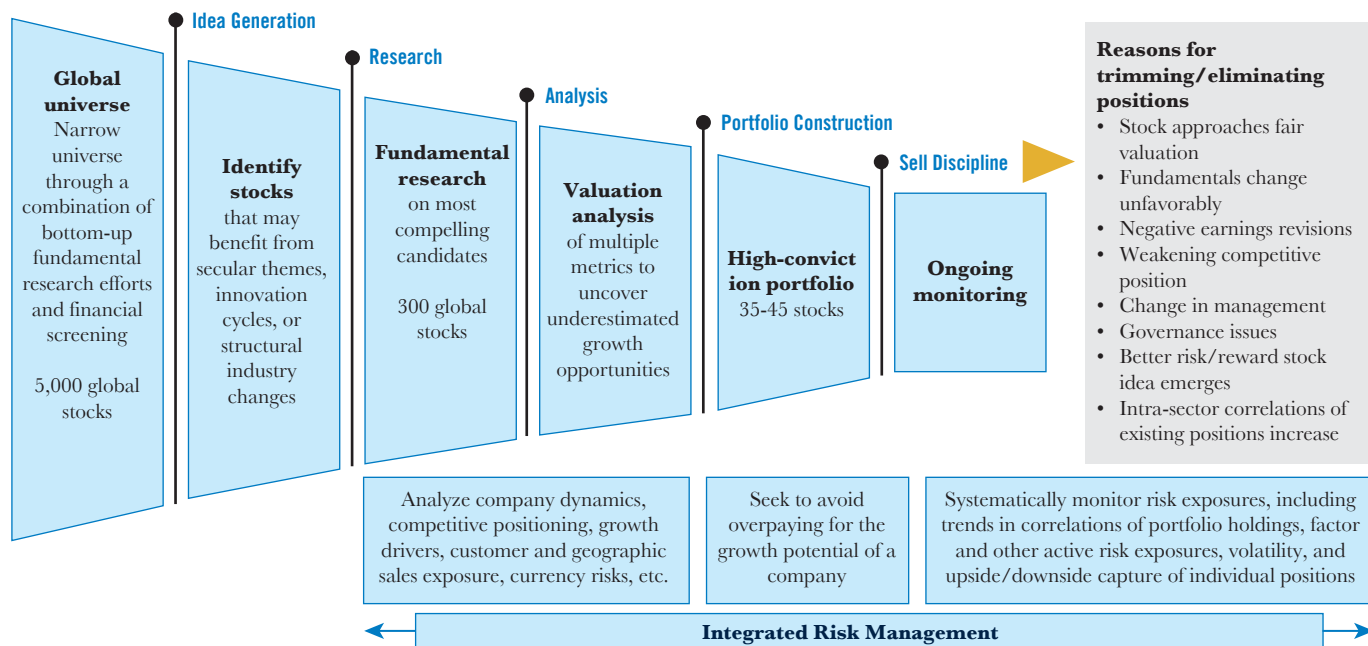

A bottom-up portfolio built one company at a time that aggregates into secular themes over time

# A bottom-up approach to investing

Deep, fundamental research combined with a highly interactive investment process used for strong stock selection

A dynamic, robust process with integrated risk management

Global stock universe includes international stock universe.

# Access the **NEXT** economy

A global and/or emerging markets based high-conviction, concentrated solution that aims to enhance your portfolio allocation

## What can the strategy provide?

### Exposure to disruptive companies

A high conviction-driven approach that naturally uncovers ubiquitous themes through strong stock selection

### Powerful growth potential of future market leaders

A concentrated portfolio of 35-45 innovative companies with unique business models and sustainable competitive advantages

### Deep experience with strong track record

With over \$17 billion in AUM, the team has extensive expertise in investing in industry disruptors during their nascent stages to optimize investment potential over the long term

Past performance does not guarantee future results.

# Excess Returns by Region

## 3Q23 Regional Drivers of Performance

Based on Jennison's books and records of a representative account prior to fees being charged. Source: FactSet and MSCI. Information is supplemental to the Global Equity Opportunities Composite presentation. Please visit <https://www.jennison.com/gips-global-equity-opportunities> for the Global Equity Opportunities Composite presentation. Source: FactSet. Based on Total Effect versus MSCI All Country World Index (Net). Data shown above excludes cash. Attribution is holdings based and does not account for transactions. Regional breakdowns are defined by Jennison using Bloomberg country of risk classifications. Certain holdings have been reclassified by Jennison. Bloomberg does not endorse Jennison's country and region classifications. See Portfolio Notes in the Appendix for additional performance information, holdings information, index definitions, and term definitions. Past performance does not guarantee future results.

# Sell Discipline : Batting average improved over time

Stocks eliminated from the portfolio have historically underperformed the benchmark and portfolio subsequent to sale

Past performance does not guarantee future results. There is no guarantee this objective will be met. Professional money management is not suitable for all investors. As of 30/9/23. Based on Jennison’s books and records of a representative account prior to fees being charged. GEO = Global Equity Opportunities. Information is supplemental to the Global Equity Opportunities Composite presentation. Please visit <https://www.jennison.com/gips-global-equity-opportunities> for the Global Equity Opportunities Composite presentation. The chart above shows how stocks have performed after being eliminated from the portfolio (i.e. 1 year after final sale, 3 years after final sale, etc.). Data is shown since the inception (6/1/11) of the Global Equity Opportunities representative portfolio. The total number of holdings is dependent on the time period and the final sale date. This illustration includes securities that have been added back to the portfolio if the security was eliminated again after repurchase. Source: MSCI and FactSet. See Portfolio Notes in the Appendix for additional performance information, index definitions, and term definitions.

# Performance track record

## PGIM Jennison Global Equity Opportunities Fund

	As of 30/9/23	3Q23	YTD	1 Year	3 Years	5 Years	7 Years	10 Years	Since Inception
Excess Returns (Net <sup>^</sup> )		-2.6	13.6	5.6	-8.2	2.8	5.0	4.5	4.8

Past performance does not guarantee future results. There is no guarantee this objective will be met. Professional money management is not suitable for all investors.

Inception of Global Equity Opportunities Composite: 30/4/11. Source: Jennison and MSCI. Gross of fee performance is presented before custodial and Jennison's actual advisory fees but after transaction costs. <sup>^</sup>Net of fee performance shown reflects the deduction of a model fee. Due to the inclusion of performance based fee accounts, model net of fee performance presented herein may be higher or lower than the actual net of fee performance of the composite. Model net of fee performance is based on the highest tier of the standard asset-based fee schedule (0.75%). Actual net of fee returns are available upon request and are calculated using estimated performance fee accruals, where applicable, which are subject to change based on the account's performance as of each period end until the actual fees are invoiced. Performance results are calculated in US dollars and reflect reinvestment of dividends and other earnings. Periods greater than 1 year are annualized unless otherwise noted. Visit <https://www.jennison.com/gips-global-equity-opportunities> for the Global Equity Opportunities Composite presentation, which includes fee information and criteria for composite performance creation. See Portfolio Notes in the Appendix for additional performance information, index definitions, and term definitions.
